Alberta Building & Fire Codes Available for Order

The Alberta Building and Fire Codes for 2014, published by the National Research Council, are now *available for purchase*. Codes are available as online subscriptions, downloadable PDF and printed copies. Ordering is by phone or fax because NRC is still rebuilding their online capabilities after the cyber-attack last year. Processing times for electronic versions and paper copies will be several weeks. CHBA – Alberta has been in contact with NRC and they are fully staffed but moving cautiously with the new online subscription system.

Information on the coming into force date is [here](#).

Municipal Affairs has assured CHBA – Alberta that permits under the 2006 Building Code will be acceptable until November 1, 2015. If you are experiencing issues with code authorities in relation to which code can be used please let CHBA – Alberta know at the contact information below.

Additional information on codes can be found on the CHBA – Alberta website in the members' section under Building Technology, [Codes 2014](#) and will be updated as new information becomes available.
